

A brief guide to Haringey-speak

*aspirational rhetoric*

*harsh reality*

savings

cuts

agile workforce

mass redundancies

transformation

decimation

enablement/reablement

look after yourself/get someone to look after you

growth

decline

not managing decline

managing decline

we have to live within our means

you have to live with our cuts

partnership

disconnection

empowerment

victimhood

resilience

vulnerability

inclusion

exclusion

independence

isolation, marginalisation

facilitate, encourage

complicate, discourage

step change

deterioration

value for money

money for private contractors

vision

opportunism

ideals

pragmatism

sense of purpose

cynicism

*Building a stronger Haringey together*

*Making the most vulnerable pay the price*
